

### Q1 Under the subject "Government Surveillance and Internet Traffic Control", which topics do you find important?

Answered: 92 Skipped: 3

	Important	Neutral	Not Important	Total	Weighted Average
Government power to shut-down Internet traffic in emergencies - implications for users and service providers	69.23% 63	25.27% 23	5.49% 5	91	2.64
Privacy implications of the transition to IPv6	30.77% 28	54.95% 50	14.29% 13	91	2.16
Maintaining an open Internet in an era of rising nationalism	82.61% 76	15.22% 14	2.17% 2	92	2.80
Are minority rights an issue for Internet governance?	38.46% 35	39.56% 36	21.98% 20	91	2.16

## Q2 Under the subject "Trends in Internet Technology and Transmission", which topics do you find important?

Answered: 92 Skipped: 3

	Important	Neutral	Not Important	Total	Weighted Average
How will Blockchain technologies affect Internet governance?	42.22% 38	46.67% 42	11.11% 10	90	2.31
Technologies to make the Internet smarter than just "dumb pipes" (cloud provisioning, digital object identifiers, Internet of Things, identity and access management, etc.)	54.95% 50	37.36% 34	7.69% 7	91	2.47
Government regulation via data localization and international Internet connectivity	77.78% 70	17.78% 16	4.44% 4	90	2.73
Role of peering/interconnect agreements and the shift to private and public peering	36.67% 33	52.22% 47	11.11% 10	90	2.26
Should senders pay to deliver Internet content requested by users?	42.22% 38	40.00% 36	17.78% 16	90	2.24
5G technology and alleviating the WiFi spectrum crunch	43.82% 39	39.33% 35	16.85% 15	89	2.27

### Q3 Under the subject "Free Expression, Disinformation, Government Censorship, and Algorithms", which topics do you find important?

Answered: 91 Skipped: 4

	Important	Neutral	Not Important	Total	Weighted Average
How to protect free expression online in an era of growing concerns about "hate speech", "fake news", "extremism", and government censorship	76.40% 68	17.98% 16	5.62% 5	89	2.71
Freedom of association online amid surveillance and increased restrictions on protest	67.42% 60	28.09% 25	4.49% 4	89	2.63
Protecting the rights of protest, resistance, and dissent in Internet governance choices	65.56% 59	24.44% 22	10.00% 9	90	2.56
Do we need ethical standards and/or government regulation for algorithms such as search engines, news feeds, and advertising placement?	58.43% 52	29.21% 26	12.36% 11	89	2.46
Can "fake news" be detected and should it be suppressed by news feed algorithms?	52.22% 47	36.67% 33	11.11% 10	90	2.41
How government proposals are challenging the open democratic Internet	76.40% 68	17.98% 16	5.62% 5	89	2.71

### Q4 Under the subject "Assessing and Preventing Cybersecurity Threats", which topics do you find important?

Answered: 93 Skipped: 2

	Important	Neutral	Not Important	Total	Weighted Average
Multistakeholder initiatives for global policy coherence on security and stability of cyberspace	65.93% 60	28.57% 26	5.49% 5	91	2.60
Should industries and governments share their threat intelligence?	46.15% 42	49.45% 45	4.40% 4	91	2.42
Threat of botnets exploiting devices in an Internet of Things	63.44% 59	31.18% 29	5.38% 5	93	2.58
Can market-based solutions address cybersecurity threats?	51.65% 47	38.46% 35	9.89% 9	91	2.42
Critical infrastructure threats (energy, transportation, health care, finance)	69.23% 63	25.27% 23	5.49% 5	91	2.64
Are autonomous vehicles vulnerable to hostile hijacking?	35.16% 32	42.86% 39	21.98% 20	91	2.13

### Q5 Under the subject "Promoting a more inclusive Internet to generate Digital Dividends", which topics do you find important?

Answered: 91 Skipped: 4

	Important	Neutral	Not Important	Total	Weighted Average
How Internet access generates digital dividends (literacy, skills, holding institutions accountable)	57.78% 52	33.33% 30	8.89% 8	90	2.49
Promoting an inclusive Internet via affordability, address availability, relevance, and readiness	57.14% 52	35.16% 32	7.69% 7	91	2.49
Zero rating, subsidized Internet access, and promotion of local content	46.59% 41	43.18% 38	10.23% 9	88	2.36
Improving Internet infrastructure availability and affordability in underserved communities	65.93% 60	26.37% 24	7.69% 7	91	2.58
Leapfrogging communications and infrastructure in the developing world	40.00% 36	43.33% 39	16.67% 15	90	2.23
The role of IXPs in connecting underserved populations	38.20% 34	51.69% 46	10.11% 9	89	2.28
Connecting indigenous populations and other under-served communities	51.65% 47	37.36% 34	10.99% 10	91	2.41

### Q6 Under the subject "Digital Economy", which topics do you find important?

Answered: 95 Skipped: 0

	Important	Neutral	Not Important	Total	Weighted Average
How peer-to-peer platforms enable personal economic opportunity (gig, goods, and sharing)	45.16% 42	38.71% 36	16.13% 15	93	2.29
Are protectionism and trade restrictions suppressing the digital economy?	48.39% 45	43.01% 40	8.60% 8	93	2.40
Digital Game Changers - positive and negative consequences for the Internet and society from artificial intelligence, voice recognition, and facial recognition	53.76% 50	34.41% 32	11.83% 11	93	2.42
Avoiding fragmentation of the Internet experience	54.35% 50	36.96% 34	8.70% 8	92	2.46
Global frameworks to securely enable the Internet of Things	58.06% 54	30.11% 28	11.83% 11	93	2.46

### Q7 Under the subject "Internet Governance", which topics do you find important?

Answered: 94 Skipped: 1

	Important	Neutral	Not Important	Total	Weighted Average
The implications of nationalism on Internet governance	68.13% 62	24.18% 22	7.69% 7	91	2.60
New regulatory directions at the Federal Communications Commission (FCC)	51.65% 47	39.56% 36	8.79% 8	91	2.43
Bringing the Internet governance discussion beyond the Beltway	49.45% 45	35.16% 32	15.38% 14	91	2.34
Building bridges between IGF-USA and other national & regional IGFs	44.57% 41	36.96% 34	18.48% 17	92	2.26
Role of governments in Internet governance: multi-lateral vs. multi-stakeholder	62.64% 57	29.67% 27	7.69% 7	91	2.55
Risks/benefits with changing ICANN's location and jurisdictions	36.67% 33	36.67% 33	26.67% 24	90	2.10
Domain name registrant identification versus domestic data protection laws	41.11% 37	46.67% 42	12.22% 11	90	2.29
Assessing progress toward the 2030 Agenda for Sustainable Development	33.33% 29	41.38% 36	25.29% 22	87	2.08

### Q8 How many IGF-USA's have you attended?

Answered: 94 Skipped: 1

Answer Choices	Responses	Count
I have not attended an IGF-USA.	34.04%	32
1	18.09%	17
2	12.77%	12
3	10.64%	10
4 or more	24.47%	23
<b>Total</b>		<b>94</b>

### Q9 How many global IGF's have you attended?

Answered: 93 Skipped: 2

Answer Choices	Responses	Count
I have not attended a global IGF.	47.31%	44
1	18.28%	17
2	7.53%	7
3	6.45%	6
4 or more	20.43%	19
<b>Total</b>		<b>93</b>
